

## THINGS I THOUGHT ABOUT AFTER SUPPER

- ☞ PERSONALIZE LEARNING - take pictures of your students and place them on the bulletin board. Post news articles about your students and J. O. Johnson High School
- ☞ SEND ONE LETTER HOME - each semester explaining your expectations for your course, homework policy, testing, and how you can be reached.
- ☞ ESTABLISH REGULAR INSTRUCTIONAL MEETINGS - across subject matter lines - Math teacher meetings with Science teachers.
- ☞ VISIT AND OBSERVE - another teacher each month - share what you saw (with that teacher)
- ☞ READ ONE OR MORE - articles each month in your professional journal - social studies - "Social Education"
- ☞ CALL THREE (3) - parents each week.
- ☞ ATTEND CIVIC CLUB, - church or buy groceries in the J. O. Johnson school district one time each semester.
- ☞ SHARE A GOOD TEACHING IDEA - daily with another teacher
- ☞ TALK WITH OUR LIBRARY MEDIA FOLKS - Ms. Elmore and Ms. Ladd about how to promote reading, identify books for them to order.
- ☞ DANCE REGULARLY!

☞

*These ideas came from talking with,  
listening to and observing a great faculty in action.*
