Marshall County

Excerpts from Souvenir Edition of

The Guntersville Democrat November 14, 1895

Copied, Abstracted and Contributed by Coy Michael

The year 1895 marked the fifteenth anniversary of *The Guntersville Democrat*. In this special edition is found names of people and events of interest to current researchers. *The Guntersville Democrat* was established in the fall of 1880 by W. M. Meeks of Gadsden, who subsequently sold it to Hon. Solomon Palmer. He ran it until after his election as State Superintendent of Education.

Marshall County was formed from parts of Blount and Jackson Counties and established on the 9th day of January 1836. Claysville was made the first county seat by the act establishing the County of Marshall. The first election of officers was held in March 1836. John Stearns, appointed by the Act, held the election. The first officers elected in the county were Percival M. Bush, Sheriff; James M. Macfarlane, Clerk of the Circuit Court; and Richard S. Randles, Clerk of the County Court. Washington L. May was elected Judge of the County Court by the Legislature.

Under the act establishing Marshall County, the voters were to select a county seat at the same time that they selected the county officers. About 825 votes were cast for Claysville as the county seat. At the fall term of 1836, Hon. Daniel Coleman, Judge of the Fourth Judicial Circuit, alternately with Judge G.W. Lane, held the term of Circuit Court at Claysville, and after that it was held there until the year 1839.

The sweetest and clearest sorghum is almost as free as water in Marshall County. Pure freestone water, clear, cold and sparkling is abundant throughout this section. It is estimated that Marshall County will make over one million bushels of corn this year.

James Nixon, an industrious farmer of Brown's Valley, has sold many bales of home-raised hay here. He says he averages three hundred bales a year.

Gus May's plantation at Blue Rock is good for about 5,000 bushels of corn per year, about fifty bales of cotton.

The town of Guntersville has only about 700 population, yet it does an annual business of one and a quarter millions. Six thousand five hundred and ninety bales of cotton were bought last season by our business men.

James A. King cultivates a small farm on Brindlee Mountain, near Arab. He has one mule and four children, age

from ten to sixteen, to help him. In order to encourage the children he allows each of them to cultivate a patch in anything they like, and to use the proceeds as they see fit. This teaches them independence and self-reliance, and he says they go about their work singing most of the time. Last season this family made nine bales of cotton, three hundred bushels corn, one hundred gallons sorghum, besides some oats, millet, Irish and sweet potatoes and peanuts.

The Seventh District Agricultural School and Experiment Station, located at Albertville, is an important factor in the advanced education of our youth. It is a free institution, under a Board of Control, appointed by the Governor, and its faculty numbers the following: President, M. V. Henry, A.M., Professor of Physics and Political Economy; W. F. Feagin, M.E., Professor of Mathematics and Director of Experiment Station; W.R. Hanserd, A.B., Professor of Ancient Languages and English; Mrs. M. V. Henry, A.M., Principal of Intermediate Department; Miss Morgana Bland, B.S., Principal of Primary Department; Miss Ina Henry, Teacher of Elocution; Miss Lelia Jones, Teacher of Art; Mrs. Louisa Hanserd, Teacher of Music.

James Culbert was in Guntersville August 16th last with a wagonload of home raised provisions to sell. He sold A. G. Henry 1,750 pounds of meat and John Gilbreath & Bros. a barrel of prime leaf lard.

There were a goodly number of Methodist and Baptist churches as early as 1830. A flourishing mission church and school among the Indians was established about 1815, and maintained until they left their native hills for the far west in 1835-1837. This was a famous school under the able management of a

Rev. Mr. Potter and the late Dr. J. B. McFerran. The M. E. Church, South, is the leading denomination in point of numbers, having 26 churches and about 2,000 members. The most important work in the county is Guntersville Station, of which the present efficient pastor is that sincere and genial Christian gentleman, Rev. F.A. Rogers. It is well organized with Sabbath-school, Prayer meeting, Epworth League and Ladies' Aid Societies.

The Baptists come next, with some twenty-odd churches and nearly 2,000 members. Their largest churches are Beulah, Mt. Vernon and Albertville, the latter of which is temporarily without a pastor through the recent resignation of Dr. W. M. Scarborough. Among the faithful workers of this people are Rev. R.W. Roe, Rev. G.M. Milner and others.

Another church - the next oldest is the Cumberland Presbyterian, which is represented by some five or six organizations ministered to by the Rev. S. B. Hunter. This dear brother has labored faithfully for the spiritual welfare of this people for thirty-five years and is justly venerated and beloved by them.

The Primitive Baptists have some six or seven churches and four hundred members. The Christian Church has several organizations and a growing membership. They have no resident pastors.

The Methodist Episcopal Church, commonly known as "Northern" has some four or five organizations of which the strongest is in Boaz. Rev. M. P. Rampey is pastor.

Mr. A.B. Jones of Guntersville wrote that he moved from Pennsylvania eight years ago on account of his wife's health and for the sake of the climate.

Gunter's Landing, away back in 1836, was a very important trading post, and has been ever since. Edward Gunter, a half-breed Indian, had a large mercantile warehouse at the landing.

Last fall the Democrat gave away over two hundred dollars worth of agricultural implements and other valuable premiums for the best homegrown products of all kinds. Herewith is given the names and addresses of some of those who contested for the four premiums offered for the best fifty ears of corn. The fifty ears were delivered at our office during the month of December and the weights given of the grain after having been shelled, perfectly dry:

A. G. Henry

Mr. Henry has been a merchant at Guntersville since the year 1836 and all these years he has worked while others

played – devoted himself closely to business, and in this way accumulated a fortune, second to no man in North Alabama. Mr. Henry was born in Sevier County, Tennessee in 1816. He was twelve years old when he came to Alabama with his father, Hugh Henry, who established a mercantile house on the north bank of the Tennessee River. He was first married August 18, 1838 to Mary Ann Henry of Tennessee. She was the mother of eight children, and in December, 1884, died at Guntersville, aged 64. The present Mrs. Henry was Mrs. Julia Wait, of Waco, Texas. Those living of Mr. Henry's children are A. G. Henry, Jr., the well-known merchant of this place; Mrs. Dr. W. R. Clifton and Mrs. Joe D. Bell, of Waco, Texas; and Hugh and Sam, planters, of this vicinity.

Louis Weiss Wyeth

Mr., Wyeth, a jurist, was born in Harrisburg, Pa., June 20, 1812, son of John and Louisa (Weiss) Wyeth, natives respectively of Massachusetts and Pennsylvania. Judge Wyeth was educated at Harrisburg; began the study of law at eighteen. He came to Guntersville April 29, 1836. Here he continued the practice of his profession, and became one of the most successful attorneys in this part of the country. In 1837 he was appointed County Judge by the Governor and afterward elected by the Legislature for a term of six years.

He was married April 9, 1839 to Euphemia, daughter of John Allan, a Presbyterian minister, who came from England, settled in Georgia and finally at Huntsville, Alabama. Three children survive: Mary, wife of Major Hugh Carlisle; Louisa Weiss, wife of William H. Todd, and John Allan, a surgeon of

distinction in New York City. Wyeth City was named in his honor. He was president of the Tennessee and Coosa Railroad; director in the Wyeth City Land Co. He died July 7, 1889.

Dr. L. D. Lusk

Dr. Lusk, President of the Bank of Guntersville, was born in South Carolina October 7, 1829. Reared on a farm, he received a common school education; moved to Alabama in 1852; located in Marshall County and for two years or more taught school, devoting his leisure time to the study of medicine. In 1856 he located in Guntersville and the following year attended medical lectures in Nashville. In 1858 he began practice and opened a drug store at Guntersville. He was elected Probate Judge of Marshall County in 1868, holding that office one term. Dr. Lusk was one of the organizers of the Wyeth City Land Company and was its vice-president a number of years. He is a Mason; has amassed a considerable fortune and has recently withdrawn from all other business except the presidency of the bank. In the year 1859 the doctor was married to Miss Mary E. Loveless. Their children are: Dr. Phocian B., who is a partner in the medical firm of Thomason & Lusk; Dr. Thurston G., now practicing his profession in New York City; Mrs. O. D. Street, and Miss Margarett who remains at home to cheer the declining days of her parents and who is an influence for good in her church and community.

Things You Should Know

Revolutionary War Pension Records

Footnote.com has announced the availability of 80,000 plus pension and bounty warrant application records now accessible for public research. Did you know that bounty warrants were promised only on condition that the Americans defeat the British?

A timeline is helpful to pinpoint exactly when your ancestor may have become eligible, as Congress changed requirements several times until the final resolution was passed in 1878 making widows of Revolutionary War soldiers eligible for pensions for life – some 100 years after the revolution! Pensions were awarded first for those who had disabilities related to the war, then for those who served a specified amount of time, and finally to widows of those killed in the war as well as those who had served for a specified time. A seven day free trial may be worth your while by accessing their website:

<http://www.footnote.com/freetrial.php>.

Turn in Your Gold!

This information, also available from footnote.com, is not especially relevant to those of us researching our ancestry, but still a very interesting story. Do you have any gold coins, gold bullion, or gold certificates dated before 1933? Ladies, look at your gold coin jewelry.

On May 1, 1933, President Franklin Roosevelt issued an executive order instructing everyone to deliver the above items to a Federal Reserve Bank or bank in the Federal Reserve System within 30 days or face a ten year prison sentence and a \$10,000 fine in an attempt to help stabilize

the economic devastation of the Depression. Has the statute of limitations passed?

Any Scottish Surnames?

Most of us in this region of the country have a Scottish ancestor or two. A researcher wrote to Footnote.Com with a hint that he stumbled upon by accident. If, for example, you are looking for someone in the McClure family line, and have been coming up empty-handed, try adding a space. McClure becomes Mc Clure. This particular reader found many of his ancestors that had simply been recorded in that manner.

News from National Personnel Records Center

More than 6,000,000 military records are now available, for the first time, in the St. Louis office of the National Personnel Records Center (NPRC). Those men who belonged to the Army, Army Air Corps, Army Air Force, Navy, Marine Corps, and Coast Guard who served, retired, or died prior to 1946 are included.

Six million may seem like an impressive number, but the entire collection encompasses more than 57 million files.

The archival room for NPRC is located at 9700 Page Avenue, St. Louis, MO 63132. Information can be found on the NPRC Homepage at: <http://www.archives.gov/st-louis/military-personnel/index.html>.

Copy fees are waived for veterans or surviving spouse or children if the records are necessary to validate a benefit or entitlement.

You may fax a request to (314) 801-9195 or send a request through:

<http://vetrees.archives.gov> or by submitting a Standard Form 180.

Deadly Disaster Data

Your editor has found a macabre website that may peak your interest. GenDisasters.com is an interesting list of information on calamitous fires, floods, train wrecks, building collapses, mining disasters, boiler explosions, etc., that list, not only the newspaper information of the time, but also the casualties. Readers are invited to add to the website, which is far from complete. You may browse by disaster or by state. For example:

- In November 1950, two passenger trains collided in Queens Boro, New York, with 75 estimated killed.
- In 1951, a commuter train plunged off a trestle, killing 82.
- In September 1956, 20 people were killed when the fireman threw the switch the wrong way, causing a Santa Fe Chief to plunge into a mail train in Springer, New Mexico.
- In February 1967, a fire at Dale's Penthouse Restaurant in Montgomery killed 26 people. The fire started in the cloakroom and spread with amazing speed.
- Fifteen miles south of Tuscaloosa, a tornado destroyed the town of Moundville, Alabama in January 1927. The tornado killed 37 people and injured 100 more.

Finding Female Ancestors

Family Tree Magazine has some great hints for those of us trying to track down our female ancestors.

Look for her children! Whether it is in a census, boat, or immigration records, your ancestor may have traveled with her children or lived with them later in her life. In other words, who are the people that she would logically be somehow associated with?

Damage to Photos

Photo Detective columnist Maureen A. Taylor wrote in a recent issue of *Family Tree Magazine* about the importance of saving your valuable photographs from the damage caused by heat and humidity.

Not only will the photographs stick to each other when in contact with heat and humidity, but they also provide a great place for mold to grow.

Acid and lignin-free nesting boxes are a good place to keep them safe from the environment. The center box containing pictures sits inside a larger box, creating barriers from temperature and humidity changes.

Genealogy Information Website

Our own Richard White, a member of our board and also Computer Genealogy Librarian of the Huntsville/Madison County Public Library, oversees an interesting website that has useful tips and upcoming events of importance. The genealogy blog can be accessed at:

Upcoming events will be announced on this website:

By the time you receive this publication, there should be details of the October seminar aimed at helping people research their Cherokee Indian ancestry on the above website. Sign up for periodic updates!

We are in need of an Editorial Assistant to find previously unpublished records from **Jackson County** for publication in *Valley Leaves*. If you are interested, please contact Jacque Reeves at 536-5737.

Valley Leaves Policies

Contributions

Members of the Society are encouraged to submit *unpublished* primary source material of Jackson, Madison, and Marshall Counties. We focus on pre-1900 material.

We are a nonprofit organization and cannot pay for contributions.

We especially appreciate material from other counties or states that pertain to one of our three covered counties.

TVGS does not pay for contributions but we do acknowledge the contributor and give bylines.

We prefer typewritten material but if you have a legible hand, handwritten information is acceptable. Please do not send computer discs.

Courthouse records, diaries, church records, military records, minister's records, newspaper items, personal letters, tombstone inscriptions, etc. are of special interest to our readers.

Tombstone Inscriptions

If you send tombstone inscriptions, please give the location of the cemetery, how to get to it, and if you copied all the stones or only a portion of them. Other genealogical material concerning the persons enumerated is encouraged but not necessary.

Do NOT put the inscriptions in alphabetical order but leave them in the order in which are buried. By putting them in alphabetical order, important relationships can be lost.

Bible Records

If you send a Bible record, we would like to have a photocopy of it plus your interpretation of each name. We

like to include a photocopy of the Bible in *Valley Leaves* as this is helpful to persons proving their lineage for membership in DAR, etc. If there is a *title page* and *date of publication* in the Bible it is imperative that you include them when you submit the record.

Queries

We no longer have a "queries section," however, if you have a query pertaining to Jackson, Madison or Marshall Counties, we will work it into the main body of the appropriate chapter.

Book Reviews

Books will be reviewed in *Valley Leaves* if the author donates a copy to TVGS. After the review, the book is given to the Heritage Room of the Huntsville- Madison County Public Library.

Quarterlies will be reviewed *only* upon receipt of a *full volume*.

Mailing Address

Please let us know of changes of address as soon as possible. If an issue is lost in the mail due to an address change or the lack of a nine-digit ZIP CODE, a replacement copy will cost \$2.
