

LANDMAN CEMETERY

11

LOCATION: Section 31-4S-1W. In approximate center of section.

Note: There were twelve graves with box-type tombs in this cemetery plus one grave marked at the head and foot with a fieldstone. Of the box-type markers one was marble (that of Frances L. Landman) and the others were undressed fieldstone. Each grave was checked closely for hand-carved initials but only one revealed any kind of identification which appeared to be: "H. J. L."
