Nancy	( 7)	Ala.	

GRIFFITH CEMETERY

LOCATION: Section 34-1-1E - NW NW. On Walker Lane.

This cemetery has long since been destroyed. I was told by neighbors that it had been the Griffith Cemetery but they did not know who was buried there. They did say that at one time there were several stones there and one person remembered the name "Griffith" on one of the stones. This is now a cattle pasture and no stones remain.
