NOTE

I copied this cemetery many years ago. Years later I found that Mrs. Sue N. (Cloud) Hodges and Ms. A. Denise (Hodges) Woods had inventoried it on Oct. 28, 1991. I compared our work and took the liberty of adding the stones I either over-looked or which were added after my trip there. Unfortunately, I was unable to locate either of these ladies to ask permission to use their inventory but I must commend them for their excellent work and hope they forgive me for using some of it without permission. - DSJ
