

The census records were examined to see if some Chapman families lived near the cemetery in order for it to be named the Chapman Cemetery at some time. The only Chapman families on arsenal lands were found in the 1930 census: James S. and Frank Chapman as heads of households. However, they were enumerated along the Pond Beat Road, near the Green Grove Road. That location is much further south, in the Pond Beat and Green Grove communities. If they had lived in the area of the Unknown Cemetery 52-1, the census record would have indicated that they were along the Triana Pike or in the Mullins Flats community.
