This census page shows Joseph and Priscilla Moore, with children in the household. Joseph is listed as a Mulatto at age 31, in his second marriage for 7 years. Priscilla was listed as Black, age 28, in her first marriage for 7 years, with one child born but not alive at the time of the 1920 census. The 7 years duration of the marriage indicates a marriage date in 1903, rather than the 1901 date of the marriage license listed on the Madison County Records Center web page for them. The children in the household were born to Joseph's first wife, as none of them could be Cilla's.

The 1900 census gives detail that identified Silla's mother as Leanna Pope:
