(Note underneath image on previous page applies to this image of the full census page.)

The 1920 census has John E. Jones as age 54, with wife Lillian at age 42. Lillian is apparently a 3rd wife for John. The census strangely lists her as his wife, but it also put an "S" (for "Single") in the marital status code. They have no children enumerated in the 1920 household, but there are other Jones families nearby.
