ANDY COWAN CEMETERY

63 – 1

Summary Report

Andy Cowan Cemetery, Redstone Arsenal TA6, Madison Co. AL, March 4, 2003 Archaeologist Jeff Thomson at gate

This cemetery is the northernmost of three found in Test Area 6. It is south of Martin Road and east of Anderson Road. It is on a hill in the woods, overlooking a portion of Wheeler Reservoir off Indian Creek. There is no obvious road to it from Anderson Road. From the size of the trees in it, the cemetery is quite old. However, the census record for 1930 shows two Andy Cowan entries, one of which is likely to be the namesake of the cemetery. One was age 79 in 1930, whereas the other was Andy Cowan "Jr." at age 39. They are both found on the same page of the census, but in different households. It is not known which one gave the cemetery its name, but land record research may provide some clues. It would be expected that the cemetery derived its name from the older Andy Cowan, but that is not yet established.

The 1880 census data inserted below from the Family History Resource disks produced by the Latter Day Saints church may provide some insights into the family of Andy Cowan and his neighbors of the time:

The 1900 census record inserted below for the Andy Cowan family provides more details about them. Andy Cowan Sr. and his wife Bertha had been married for 22 years at the time of the 1900 census. Bertha had borne 10 children, but only 4 remained alive in 1900. Those four are listed in the census as part of their household, including Andy Cowan Jr. The other 6 children are probably buried in the family cemetery, as may be one or more of these last 4 by now.

1930 Madison County, Alabama, census page showing Andy Cowan Sr. & Jr.

Another clue to the age of the cemetery is given by the sole inscribed grave marker – that for George Jones, 1889 - 1931.

Andy Cowan Cemetery, Redstone Arsenal TA6, Madison Co. AL, March 4, 2003

The 1930 census for George Jones shows him as age 39, with a wife that he had married 10 years earlier, as a first marriage for each. They were living on "Pond Beat Road", in the Whitesburg census enumeration district, Precinct 6.

1930 Madison County, Alabama, census page, Whitesburg Precinct, showing the family of George Jones.

It is possible that George was the last person buried in the cemetery, but there is no direct indication of when the cemetery first came into use. From the size of the fenced area, it would appear that there could be over 100 graves in the cemetery, but there are not so many obvious grave depressions. Probing and exploring for grave counts could be somewhat hazardous, due to several items of unexploded ordnance found in the area under the leaves. Should there ever be a forest fire that burns away the leaves in the area, that would provide an excellent opportunity to further check this cemetery for more accurate grave count estimates and to explore for buried markers.
