

# **UNNAMED CEMETERY, 65 – 1**

## **Summary Report**

**Overview to South-Southeast within UNNAMED CEMETERY in Test Area 1, NW/4, S17-T5S-R1W**

When this cemetery was visited in January of 2003, it was found to have no tombstones, no fieldstones, and no surface evidence of grave depressions. It is a large, fenced area that could contain many hundreds of graves, if full. The location is within Test Area 1, south of Center Line Road, about halfway to Dodd Road from the entrance at the Test Area Control Gate. It is near the Clark Cemetery (65-1) and the Simpson – Jones Cemetery (65-3). The immediate theory due to location and lack of definitive surface features
