1930 Madison County AL Enumeration District 18, Sheet 3-A, Whitesburg Precinct, Pond Beat Road: George & Milberda Horton

This 1930 census record for a Milberda Horton, wife of George, states that she was age 21 in that year. If this possibility were our Millie of interest, she would have been born about 1898 per the tombstone, not 1909 as shown in the census. The 1930 census index on Ancestry.com is an "every name" index, and the only "Mil--- Horton" in Madison County in that year is the one above, within the accuracy of the index preparers' interpretations.

However, as the 1920 every name census index was just added (September 2005) to Ancestry.com's on-line census service, it was re-checked. The 1920 index for Millie had her recorded as "Millie Harton", wife of Robert. A close look at the census page image shows that it is indeed the Millie Horton of interest, per the tombstone, and the Madison County marriage records show that Millie was a Toney prior to her marriage at age 14:
