

Powhaton-Toney Cemetery, Redstone Arsenal TA6, Madison Co. AL, March 4, 2003
(Area with old type mesh wire enclosure that has fallen apart, plus a metal funeral home marker, just to right of center.)

There is no indication of the names of people buried within this separately enclosed area within the Powhaton Toney Cemetery, other than the old metal funeral home marker. However, the marker no longer has an insert with the name of the deceased, and the serial numbers on the marker are very difficult to interpret. Still, the photos below show the marker in as much detail as could be obtained.
