

Lacy Cemetery, 75-1, Redstone Arsenal, Madison Co. AL, May 1, 2003
Note box crypt under trees on south side of drainage ditch through cemetery.
Four uninscribed stones marking graves were found in this cemetery which can hold around 250 to 300 graves if full. However, only about 20 obvious grave depressions were located. These were mostly near the north end of the cemetery.

Prepared by John P. Rankin, August 12, 2005.
