

Guntersville - Ala

Oct. 3rd 1967

Col. Carroll W Hudson  
Armed Forces Command

Since having a conversation with Capt. Brennuman 2 wks ago, after a visit to the Timmons Cemetery about moving the grave of my brother to the inside of the brick enclosure, have decided to have the grave covered with a concrete slab <sup>width 3 by 5 ft</sup> for safer keeping for years to come.

May I ask if Capt. Brennuman - Post Engineer could have some concrete worker to make this slab - also put it on the grave - using cement around the <sup>bottom of</sup> grave for support of the slab. If this request is accepted, please give me a prompt reply about the cost as I will pay for the work - Am wanting it done before the weather gets cold.

Also let me know the date to put it on the grave, for I want to be there on that date.

Very Obliging  
Mrs. Sophie Timmons Jordan
