History continued--The first mill ever erected on Flynt River was built by JOHN BYRD in 1808. Soon after, LEVI HINDS, father of MR. LEVI HINDS and MRS. HENRY RIGNEY, erected an excellent water power mill. In 1835, DR. WILLIAM H. GLASCOCK was candidate for Congress. GEN. BENJAMIN F. RICKETTS was killed in a difficulty with ROBERT CLOPTON. In 1810, a man by name of BOSHART built a grain mill where Bell Factory now stands.

It is a matter of much dispute whether the CRINERS or HUNT first made a permanent settlement in Madison Co. It is certain that HUNT's visit in 1802 and the discovery of the "Huntsville Big Spring" antedated the coming of the CRINERS. It is equally true that ISAAC CRINER, JOSEPH CRINER and STEPHEN McBROOM came to this county and cleared land and began planting in 1804 or 1805. It was in the summer of 1804 as we have seen that JOHN HUNT commenced permanent improvements at his settlement near the "Big Spring." The CRINERS and McBROOM brought their families to this county in the latter part of the year 1805 or the early part of 1806. ISAAC CRINER settled on what is now the northern part of GEORGE F. STRONG's land.
