I, WILLIAM COZBY of Madison County and State of Alabama do hereby certify that I was appt Agent for my father, R. COZBY, a Pensioner of the U.S., in the year 1822 to receive pension from the agent in Huntsville and applied to said agent in 10 Ca the 1st of June, the pension having been due from the 10th of March preceding, in the year 1822, amounts to \$48; when the agent informed me that he has no funds to pay the pension and advised me to a(--faded) at Huntsville again in about 2 weeks; when I did, and was again put off with the same excuse, and so from time to time 3 or 4 times until I think sometime in July, I again applied from his informing me by mail that I could draw my father's pension upon application & rec'd from said agent \$48 in depreciated bank bills on Tenn and Huntsville banks, which I received for my because I believed I could get no better money having understood the agent would pay in --(faded). I further certify that I afterwards drew said pension for my father. $\frac{1}{2}$ yearly til Sept. or Oct. 18 when I drew the last, my father now being dead all of which I received in Tenn & Huntsville bank note a greatly depreciated value because I could get no better.

At the receipt of all the installments the agent gave his check on the Huntsville bank and that 1 of times the cashier of the bank asked the agent when the agent replied, "in Huntsville or Tenn. notes," given under my hand this 31st of January 1824.

Died in this place on 7th inst. MR. JOHN MILLER of the Firm of CAIN & MILLER.

I, WILLIAM PARKER, do hereby certify that I was formerly a private in CAPT. MUHLENBURG's Co. of the 4th Regt., U.S. Inf. and agreeably to my certificate bearing date 6 Sept. 1820 am entitled to receive \$8 per month to commence on 11th March 1819. I do also further certify that I applied to the pension agent in Huntsville, COL. POPE (about the month of Oct. 1821) for the amount of my pension then due when he, the said agent paid me the sum of \$237.00 or thereabouts (this being the 1st time I had applied for my pension) in depreciated, Tenn. bank bills. I demanded U.S. funds of the said agent but he positively refused paying such. I then required of him Huntsville bank notes, which were considered about 10% better than Tenn but he even refused to pay me in that paper and concluded by saying that if I would not take the Tenn notes I might go unpaid as he had drawn that description of money to pay the pensioners which I very reluctantly received as I lived in Mobile where it was of little or no value. I do also further certify that his money was paid me in the bank of Huntsville and in the presence of the cashier, who in my presence requested COL. POPE.

Given under my hand 25 February 1824
